MIDNIGHT

A NEW NIGHTMARE-DRIVEN UNIVERSE

Dark. Unpredictable. Unmissable. The Midnight Universe draws in longtime fans and newcomers alike to enter a terrifying new world where anything can happen.

Interconnected by rich lore, Marvel's most acclaimed modern creators are given free rein to reimagine heroes with shocking twists and chilling transformations in boundaryless storytelling that will keep readers on edge issue after issue.

The X-Men no longer fight for acceptance, they hunger for blood.

The Fantastic Four venture into the unknown not saving the world — but unleashing terror upon it.

And Spider-Man discovers that with great power...comes something monstrous.

The original Star Wars comic book returns!

As the phenomenon dawned in 1977, Marvel Comics published the very first *Star Wars* comic-book series. Now, the House of Ideas is re-presenting those original adventures in its wampa-sized Omnibus format! It's the return of the Jedi to Marvel in an opening volume that begins with *A New Hope* and ends with *The Empire Strikes Back*. In between, the rebels face a wealth of new perils — from space pirate Crimson Jack to the bounty hunter Beilert Valance, as well as a surprisingly svelte Jabba the Hut (one "t"). Luke goes back to Tatooine, Leia battles alone, Han and Chewie play the deadly Big Game, and Darth Vader hunts for answers!
